

## The Lake Waubeeka Car Registration Permit Program

The Board of Directors has approved reinstating the car registration permit program at Lake Waubeeka. This program will be used to assure authorized vehicle identification for parking during major community events and at resident parking lots throughout the Association, plus identifying owners in an emergency situation.

All cars, trucks, and SUV's belonging to Members and their authorized renters should have a permit affixed to the **inside** right front lower corner of the windshield.

Do not request vehicle stickers for non owner guests such as visiting family members, friends, etc. Renters are limited to the names on the lease filed with Lake Waubeeka Association, Inc. No commercial vehicles are allowed to be parked or stored in this Danbury single family residential zone, and these will not be issued a permit.

Please complete the form and return it as follows:

A. Send it via email to [security@lakewaubeeka.org](mailto:security@lakewaubeeka.org).

B. Mail it to the association at 137 Post Road; Danbury CT 06810

Your permits will be left in the front door of your LWA residence unless this order form has other instructions written at the bottom.
